WHY THE HAMILTON COLLECTION WAS SOLD.

Plunging on the Turf and Elsewhere.

The entire Hamilton collection just sold was valued at £1,000,000—a useful sum even to a duke, especially if his estates are heavily encumbered. This is unfortunately the case with the Duke of Hamilton. It will be remembered that the duke passed through what the Parisians call a *jeunesse orageuse*. He was rusticated at Oxford for playing the mischief, or, as it is called, "haymaking," in the dean's garden, and was generally wild and reckless. Gifted with a magnificent physique, he was so good a boxer that he elicited from Nat. Langham the observation: "Wot a pity that bloke's a dook. He'd have been champion of England!"

With all his roughness the young Duke of Hamilton was extremely good-natured at heart. He has given away carelessly and without a second thought more money than most men. A whole crowd of people—not vulgar led captains, but gentlemen claiming some kind of cousinhood with him—lived upon him for years. It was sufficient at Baden or any of his favorite haunts to hear of his arrival to know of a certain half-dozen at least who would be with him. The process of getting money from him was simple. It was of no use asking point-blank for ready money, it is true; but he would "jump up behind" any number of bills, as Englishmen call notes of hand. He has often signed ten or a dozen of a thousand pounds each before breakfast, without looking at the amounts. For several years these documents were easily negotiable in Sackville street, Jermyn street, or Waterloo place, London; so that the duke's little court soon "touched" the cash, less discount. Before he was of age he raised £80,000 in one lump on such extravagant terms as a gambling investment would warrant. And it was gambling on the part of the lenders; for if he had died they would not have received a shilling. The transaction was managed by a syndicate of Jews, who again cut it up and farmed it out in smaller pieces. At last the duke fell into the hands of the late Mr. Padwick, "the spider" denounced by Admiral Rous, out of which connection arose a lawsuit. The duke got nothing by this, as Mr. Padwick died, to the amazement of everybody, too poor for his estate to pay anything like a percentage of the restitution rightly or wrongly claimed. On the turf everything has gone wrong with the Duke of Hamilton's horses. Wild Oats and Wild Agnes did little for him, and what little luck he has had has been till lately on the French turf, and with steeplechasers. However, he won the Alexandra Plate with Fiddler the other day; but got into bad odor by scratching Thora for the Royal Hunt Cup. He is a singularly unwise nobleman, but not unpopular with those whom "Ouida" designates "his order." He is one of the few possessors of the indigenous wild cattle of Britain, the other fortunate owners of such animals being Lord Ferrers and Lord Tankerville.

Barnes, the Revivalist.

The Rev. George O. Barnes, the Kentucky revivalist, has arrived at Dayton, Ohio, where he intends to hold religious meetings daily. Mr. Barnes was asked by a reporter of the Dayton *Democrat* what was meant by the expressions which are sometimes used in reports of his meetings, "confession to the soul," and "confession to the body." He replied: "confession to the body refers to my healing by means of anointing with oil. About a year ago I began this in connection with my work in the mountains of Kentucky, and the Lord has blessed my work wonderfully. I never ask a man what ails him. The Lord is the doctor, not I. I have nothing to do in the matter; but do as God bids me. I base my action on the 14th and 15th verses of James. I do not know what good the oil does. I do not stop to inquire anything about that. The Lord bids me to anoint with oil, and I do it. I carry a small vial of oil in my pocket, and just touch it slightly upon the forehead of the afflicted. I then pray with them earnestly in my simple way as best I know how, and leave it all with the Lord, trusting Him for His word; and as my faith becomes simpler and stronger my success becomes more marked. The devil tempted me very strongly when God first put it in my mind to do this. The devil said I would fail and that it would ruin my preaching, but, thanks be to God, I began it, with the assistance of my daughter, in those mountain districts, and have since continued it wherever I have been, and I have never had a failure where unbelief did not interfere. I have had thousands of cases, and I know of three or four hundred myself who have come to me to tell me that they got well. The cures are not always immediate. In some cases they are instantaneous, and in others they are not."

The Distinction.

A little five-year-old boy was being instructed in morals by his grandmother. The old lady told him that all such terms as "by golly," "by jingo," "by thunder," etc., were all little oaths, and but little better than other profane oaths by the prefix "by." All such were oaths.

"Well, then, grandmother," said the little hopeful, "is 'by telegraph,' which I see in the papers, swearing?"

"No," said the old lady, "that's only lying."—*Rome Sentinel.*

The Dynamite Party.

The London *Times* of the 6th inst. contains some disclosures respecting the operations of the dynamite party in the United States, which was organized by O'Donnovan Rossa. The hatred of England is the main spring of the movement, and its chief object is to harass the government at every vulnerable point, to destroy the lives of officials most instrumental in opposing Ireland, and show the English generally, by destruction of property and public buildings, that it is for their interest to make peace with Ireland on the best terms, and let her go as an independent nation. The dynamite party, we are further informed, has permeated the land league, and been aided by many on both sides the ocean who were members of that body. They have a regular system of cable correspondence with friends in Ireland, so conducted that it is impossible to find them out. The discovery by British detectives of infernal machines sent over last summer led to indirect comments, and led to a radical change in their plans. A scheme was laid in the west to capture the Princess Louise, who was expected to accompany the Marquis of Lorne on his recent tour to Manitoba. The conspirators formed a project of sweeping down upon her and keeping her as a hostage until Irish suspects should be released, but as the Princess did not come out to Canada the plot failed. Detectives had found out and sent over a warning, and she prudently remained in England. Last autumn they planned an expedition to Bermuda, and selected men to go with a view of blowing up the government floating dock there. The men arrived safely out, and were proceeding with cautious steps to execute their mission when Bermuda authorities, acting as if something had informed them what was in the wind, the party were obliged to return to New York. Agents of the society next went to Canada to visit Montreal, Quebec and Halifax, and finally went to St. Johns, N. B. At Halifax were war vessels, but none of them in position to be vulnerable, and not one could be got to undertake the task. At St. Johns they found an old sloop-of-war in charge of a watchman, and it was determined to blow this up. They went back to New York to get material, but discovered in a few days from some developments at St. Johns that the plot had leaked out, and this too was abandoned.

BAD BLOOD.

The blood is the true essence of vitality, without pure blood there can be no healthy action in the system. Boils, blotches, pimples and the various humers and blemishes of the skin are only symptomatic of bad blood—that needs purifying at its fountain head, to render its tributaries pure. Burdock Blood Bitters effectually cleanse the blood from all humors, obtains a healthy action of the liver, bowels, kidneys, skin etc, and strengthening while it regulates and purifies. (1)

THE GREAT NATURAL DEMAND.

In order to supply the great natural demand for a remedy of real merit, one capable of cleansing the system, purifying the blood, regulating the liver, and acting on the bowels, the California Fig Syrup Company has commenced the manufacture on a laage scale of a concentrated Syrup of Figs, and is sending out trial bottles to be given away, so that it costs nothing to try it and convince yourself of its efficacy. And as every family needs a bottle it is also for sale in 75 cent and $1.25 bottles at Langley & Co.'s Drug Store, Agents for B.C. 3

A Wise Precaution.

During the Summer and Fall people are liable to sudden attacks of bowel complaint, and with no prompt remedy or medical aid at hand, life may be in danger. Those whose experience has given them wisdom, always keep Dr. Fowler's Extract of Wild Strawberry at hand for prompt relief, and a Physician is seldom required. (3)

GILBERT LAIRD, St. Margaret's, Hope, Orkney, Scotland, writes:—I am requested by several friends to order another parcel of Dr. Thomas' Eclectric Oil. The last lot I got from you having been tested in several cases of Rheumatism, has given relief, when the doctors' medicines have failed to have any effect. The excellent qualities of this medicine should be made known, that the millions of s fferers throughout the world may benefitby its provident discovery. *

The well known drug firm of N. C. Polson & Co., of Kingston, writes that Dr. Fowler's Extract of wild Strawberry has long been considered the best remedy for summer complaints in the market, and adds that their customers speak in the highest terms of its merits. Wild Strawberry is the best known remedy for Cholera Morbus, Dysentery and all Summer complaints. (6)

MRS. SIDNEY WILSON having returned from San Francisco will be prepared to received her music pupilson andafter the 1st proximo. Instruction given either at the pupil's or at Mrs. Wilson's residence, Frederick street, where a piano for daily practice is at the service of those pupils who have no instrument. Lessons given in the evening if preferred.
June 26th. *

A. B. DES ROCHERS, Arthabaskaville, P. Q., writes:—"Thirteen years ago I was seized with a severe attack of Rheumatism in the head, from which I nearly constantly suffered, until after having used Dr. Thomas' Eclectric Oil for nine days, bathing the head, etc., when I was completely cured, and have only used half a bottle. 50

THE palm of the hand moistened with *Dr. Thomas' Eclectric Oil* exerts a wondrous control over pain, speedily and entirely subduing it. The eclectric healing influence of this highly sanctioned medicine is manifested by the rapid disappearance of sores and abrasions of the skin when used. 51

AN infallible remedy for Fever and Ague is Ayer's Ague Cure. Wholly vegetable and containing no quinine, it is harmless and sure. *

DR. J. COLLIS BROWNE'S
CHLORODYNE
THE ORIGINAL AND ONLY GENUINE.

Advice to Invalids.—If you wish to obtain quiet, refreshing sleep, free from headache, relief from pain and anguish, to calm and assuage the weary achings of protracted disease, invigorate the nervous media, and regulate the circulating systems of the body, you will provide yourself with that marvellous remedy discovered by Dr. J. Collis Browne (late Army Medical Staff), to which he gave the name of CHLORODYNE and which is admitted by the profession to be the most wonderful and valuable remedy ever discovered.
CHLORODYNE is the best remedy known for Coughs, Consumption, Bronchitis, Asthma.
CHLORODYNE acts like a charm in Diarrhœa, and is the only specific in Cholera and Dysentery.
CHLORODYNE effectually cuts short all attacks of Epilepsy, Hysteria, Palpitation, and Spasms.
CHLORODYNE is the only palliative in Neuralgia, Rheumatism, Gout, Cancer, Toothache, Meningitis, &c.

From Symes & Co., Pharmaceutical Chemists, Medical Hall, Simla, January 5th, 1880. To J. T. Davenport, Esq., 33, Great Russell street, Bloomsbury, London. Dear Sir,—We embrace this opportunity of congratulating you upon the wide-spread reputation this justly esteemed medicine, Dr. J. Collis Browne's Chlorodyne, has earned for itself, not only in Hindostan, but all over the East. As a remedy of general utility, we much question whether a better is imported into the country, and we shall be glad to hear of its finding a place in every Anglo-Indian home. The other brands, we are happy to say, are now relegated to the native bazaars, and, judging from their sale, we fancy their sojourn there will be but evanescent. We could multiply instances *ad infinitum* of the extraordinary efficacy of Dr. Collis Browne's Chlorodyne in Diarrhœa and Dysentery, Spasms, Cramps, Neuralgia, the Vomiting of Pregnancy and as a general sedative, that have occurred under our personal observation during many years. In Choleraic Diarrhœa, and even in the more terrible forms of Cholera itself, we have witnessed its surprisingly controlling power. We have never used any other form of this medicine than Collis Browne's, from a firm conviction that it is decidedly the best, and also from a sense of duty we owe to the profession and the public, as we are of opinion that the substitution of any other than Collis Browne's is a DELIBERATE BREACH OF FAITH ON THE PART OF THE CHEMIST TO PRESCRIBER AND PATIENT ALIKE. We are, Sir, faithfully yours, Symes & Co., Members of the Pharm. Society of Great Britain, His Excellency the Viceroy's Chemists.

CAUTION.—Vice-Chancellor Sir W. Page Wood stated that Dr. J. Collis Browne was undoubtedly the Inventor of Chlorodyne; that the story of the defendant Freeman was deliberately untrue, which, he regretted to say, had been sworn to.—See "The Times," July 13, 1864.
Sold in bottles at 1s. 1½d., 2s. 9., 4s 6d. and 11s. each. None is genuine without the words "Dr. J Collis Browne's Chlorodyne" on the Government stamp. Overwhelming medical testimony accompanies each bottle.
Caution—Beware of Piracy and Imitations.

TUESDAY MORNING, JULY 25TH, 1882.

L. P. FISHER, Advertising Agent, 21 Merchants Exchange, San Francisco, is authorised to receive advertisements for the columns of this paper.

THE GOVERNMENT DEFEAT.

The defeat of the government is assured. Although the result is not altogether satisfactory in the city, where we have to regret the defeat of Messrs. WILSON and TRIMBLE (Opposition), we still rejoice over the return of Mr. T. DAVIE and Mr. DRAKE, Oppositionists. In the adjacent district of Victoria, the provincial secretary and his servile follower, Mr. McILMOYL, have turned up their political toes at the bidding of the outraged electors, and will give room to Messrs. ROBERT JOHN and G. A. McTAVISH, out-and-out Oppositionists. In Nanaimo Mr. DUNSMUIR and Mr. RAYBOULD, Opposition, have been returned by large majorities, while the two government candidates are at the foot of the poll. Mr. BARNSTON, who, while in the house, was a servile tool of Mr. BEAVEN, got but 37 votes. At Esquimalt the votes will not be counted until 10 o'clock this morning, but it is believed that Messrs. POOLEY and CHILD are elected. At Cowichan Mr. SMITHE, Opposition, has swept all before him. At Comox Mr. CRAWFORD, Opposition, is believed to be elected. The result in Victoria city is: two Oppositionists, (DAVIE and DRAKE), one government (BEAVEN) and one independent (DUCK). New Westminster City has already returned ARMSTRONG by acclamation, and the district will certainly send in Mr. ROBSON and either Mr. ORR or Mr. KIRKLAND (all Opposition.) Yale is good for at least two Oppositionists, and may send down three. Lillooet and Cariboo will return two Oppositionists each and Cariboo probably one government member. Cassiar will send down John Grant (Opposition). Kootenay has returned Galbraith (Government). The result of the elections, after giving the government the widest latitude, may be summed up as follows:

	OPP.	GOVT.	IND.
Victoria City	2	1	1
Victoria District	2	0	0
Nanaimo	2	0	0
Esquimalt	2	0	0
Comox	1	0	0

MATTERS IN EGYPT.

There would seem to have been some delay in supporting the castigation by the fleet at Alexandria by an adequate land force, and however unavoidable this might be, its moral effect on Arabi Pasha and his army was not calculated to improve them, and might have given them an opportunity of being far more mischievous than they have so far proved themselves, though they have done their best. The arrival of troops from India, in addition to others, is now anxiously awaited. For this idea we are indebted to Mr. Disraeli, who carried it out at the close of the Turco-Russian war, and, like the purchase of the predominating interest in the Suez canal and the acquisition of the island of Cyprus, it was thought by many a very doubtful proceeding, though it may be that time and events will reverse that judgment. As to the employment of Sepoys, they would appear in this case the natural implement to use, as they may be said to be already acclimatized, can be conveniently dispatched to points where they are required, and are quite equal to any work which Arabi and his army may cut out for them, especially when commanded by English officers and backed by English troops. The Sepoy infantry have a reputation for patience and fortitude under difficulties and privation, and steadiness under fire, though they have been found wanting when skirmishing or small detachments are required. The hillmen, or Goorkas regiments, are particularly noted. The Sikhs gave us considerable trouble at one time, and the Indian irregular cavalry have done good service. But there has been considerable sympathy manifested in India for Arabi Pasha, and it is a question whether the Mohammedan portion of such troops will feel any great eagerness to shoot their co-religionists, though the Hindoos would cheerfully sacrifice them. The use of modern arms of precision has taken away many of the advantages which formerly rested with the superior physique of the soldier, not only in rendering hand-to-hand encounters almost impossible, but in shortening campaigns, and thus reducing the amount of exposure and liability to disease. In this light the Indian army may in future occupy a more extended field of usefulness, and the Egyptian campaign will give an experimental test of its capabilities. Reducing Egypt to order is a comparatively simple matter to giving the country some vital organization which may preserve it from anarchy and disaster. As we have already said, this seems beyond the power of any native government, and European control in some shape or other will be a necessity, even on account of the Suez canal alone, and as England is most interested and best prepared, the task will probably be hers. The peasant population is the most wretched class, and is only protected from the raids of the Arabs to be ground by the government. The other classes are stated to be annoyed at the numbers of French and English who absorb all the offices, and at having to pay more than half of their revenue of $43,000,000 to French and English creditors and officials. They have had, in fact, all the unpleasant experiences of people who have to repay borrowed money, and when they applied to Arabi Pasha to help them they could hardly have chosen a worse man. But if the present state of things is unpleasant to the Egyptians, it is also costly and dangerous to other nations, and a satisfactory solution of the question would be hailed with a feeling of relief. Whatever turn matters may take, however, England will have no difficulty in pursuing any course she thinks proper, and though her resources as a military power have been questioned, yet if the employment of Indian troops has been rendered practicable by the system of modern warfare, she would be able in case of emergency to draw upon the countless population of India for an inexhaustible supply of men, which none of the great powers could attempt to compete with. It may be that Russia foresaw something of this kind when she protested so energetically against the employment of these troops by the Disraeli government; but all is fair in war, and she ought to have been the last to have scruples of conscience on the subject.

POLITICS AT NANAIMO.

A High Old Meeting.

(Free Press.)

On Thursday evening a political meeting was held at the Nanaimo River Bridge school house, Cedar District. The meeting was called by Mr. Hinksman.

Mr. E. B. McKay was elected Chairman, and Mr. W. A. Lindsay, Secretary.

Mr. W. Hinksman made a few introductory remarks and then commenced to read an address, a synopsis of which has already appeared in our columns. His reading was not interrupted till he read the statement that the "Dunsmuir Bill" called for all the lands and minerals and $750,000 bonus besides.

Messrs. Bryden and Harvey declared that statement to be utterly false and demanded proof of the assertion. Mr. Bryden asked the chairman it was usual for a candidate to read an address at a political meeting. It was generaly expected that a man aspiring to political honors, would be sufficiently informed to express his ideas verbally.

Mr. Hinksman finished the reading of the address. He then proceeded to quote from a speech made by Mr. Hett.

Mr. Bryden objected to the speech of Mr. Hett being read, as that gentleman had charge of the Clements Bill.

Mr. Hinksman then quoted that a letter had been received from Mr. Jordan stating that the Dunsmuir people had bought out the Clement's syndicat.

Mr. Bryden said that was a deliberate lie.

Mr. Hinksman then quoted from Mr. Helgesen's speech showing that the Clements's Bill had been adopted almost without a dissenting voice.

Mr. York—Those are Victoria views and we don't want them here in Nanaimo.

Mr. Hinksman again started to read extracts, when several persons in the meeting called out that they did not come there to read addresses or newspapers.

Mr. Hinksman then stated that the present election was of vital importance to this Province, and that no railway was going to do us any good. What was wanted were good roads. Our water communication was sufficient for many years to come. A wagon road would open up the country, and in a few years the railway company would be offering a bonus for the privilege of constructing the Island line, instead of wanting pay to do it.

Mr. Bryden—In your address you say the railway will not pay for axle grease for generations, and now you say the railway company will offer a bonus in a few years.

In answer to a question the speaker stated it was a vile slander to say that either Mr. Brunton or Mr. Horth wrote his address.

Mr. Bryden asked Mr. Hinksman for his proof that the Dunsmuir bill called for $750,000 compensation, and that gentleman stated his authority was the statement made in a public meeting at Nanaimo by Mr. Jas. Harvey and although he had not seen the bill, he believed the statement was true that Dunsmuir wanted $750,000 compensation.

Mr. Bryden said it was false and demanded proof.

Other parties here commenced to speak and in a twinkling Babel repeated itself for several minutes.

Mr. Hinksman expressed himself in favor of the Dominion or Provicial Governments building the railway, with the compensation given by Canada.

Mr. Bryden stated that the Dunsmuir bill only asked for incorporation so that arrangements could be entered into with one or both of the Governments to build the line, the land policy to be defined by the Government.

Mr. Hinksman asked Mr. Bryden as agent of Mr. Dunsmuir, to publish a manifesto of Mr. Dunsmuir's intentions on the several political questions.

Mr. Bryden asked Mr. Hinksman to cite a single instance in either of the collieries where men had been injured on account of the managers putting off the repairing of dangerous places as stated in his address.

Mr. James Harvey, political agent, for Mr. R Dunsmuir, then proceeded to very severely criticise Mr. Hinksman's, address, stating that it had been written by Mr. Brunton. He denied that the Dunsmuir Bill called for $750,000 as stated in the address. He asked who was meant by the champion of the land monopolists, and was told Mr. Dunsmuir. He was prepared to pledge Mr. Dunsmuir as an opponent to the Walkem-Beaven government, and dared Mr. Hinksman to make a pledge either for or against that government.

Mr. Hinksman replied that if elected, he would support measures, not men.

Mr. Harvey next explained the telegram received from Mr. Dunsmuir at Glasgow, stating that he "never intended to lock lands from squatters." It had been stated that the telegram was a bogus one, but any person wishing it could see the original copy received."

Mr. Bryden here stated that he had received a letter from Mr. Dunsmuir dated June 9th, before he could know the Clements bill was a failure, in which Mr. Dunsmuir said he was glad he was relieved from building the Island Railway, and on his return to Ottawa would withdraw the offer he had made to the Dominion government.

Mr. Harvey said Mr. Dunsmuir had written to Mr. Pooley to the same effect.

Mr. E. Quennell said he would not detain them with a long speech. He was still prepared to pledge himself to the views expressed in his previous speeches, and in his published address. He (Quennell) felt a little flattered because Mr. Hinksman had copied so much from his speeches, but he thought the man who could compose such an address should be able to verbally express his views and not require to read the printed address.

In answer to questions the speaker said he was opposed to the 25 per cent. delinquency tax, and also opposed to employers paying their workmen's taxes. He was in favor of the squatter, for he was one himself. He had signed several petitions and had not refused to pay his share towards the expense of circulating and forwarding the petition.

Mr. W. Raybould, next addressed the meeting, saying they all pretty well knew his views from his previous speeches and his published address, but he might repeat he was of opinion that it would be better to have no railway than that the lands should fall into the hands of a company or syndicate. As we stand at present in possession we are safe.

Mr. J. G. Barnston after a few introductory remarks, said the public would not believe that Messrs. Raybould, Quennell and himself required assistance from Mr. Hinksman to shape their policy. He had alluded to the Mines Regulation Act at Wellington before Mr. Hinksman was a candidate. Any amendments required to that act would receive his support. He then proceeded at some length to show that the Dominion was bound by the Carnarvon and Kimberley terms to build the Island Railway and those who argued against the railway were simply making the Dominion a present of $5,000,000—the estimated cost of building the line—to receive $750,000 in return by way of compensation. It was necessary to send men to the House who could comprehend these questions and were able to protect the interests of the people.

In answer to questions put to Mr. Bryden, the speaker stated that in case the Dominion built the Island line, the Dominion would be entitled to the lands.

The meeting then closed.

The United States government is going to increase its revenue returns by stamping each cigar that is made or imported. Formerly it was sufficient to stamp the box containing the cigars; but, singularly enough, the idea occurred to some innocent minds of refilling the empty but still stamped cigar boxes.

To commemorate the centennial of the city of Bangkok and of the present dynasty, the king recently entrusted Mr. J. W. Benson, of Old Bond street, London, with an order for medals to be worn on the occasion. Some of these are in pure gold, and others in silver gilt with red or yellow gold, silvered bronze and pure bronze. On the face are the busts of the five sovereigns of Siam of this line, with the full state robes of their times. Around the busts are inscribed, in Siamese, the names and titles under which they were respectively known. Surrounding the medal, spreading outward, are 100 rays, typical of the centenary, which form a very effective bordering. On the reverse is an inscription in Siamese.

New York jewelers say the rage for wearing jeweled garters is spreading. They are designed to match the tint of the dress worn with them. One of the most expensive cost $1,400. In this the lace and pearl-colored silk band was joined by an elaborate clasp. One side was the lady's monogram in pearls; on the other, the coat of arms, with frosted stork's head, a crest of delicately carved gold, and a motto set in chip diamonds. It was a present from a mother to her daughter, who is to be married soon. Her husband will be a Knight of the Garter.

Mr. Robert Liddle, has lately completed the first breech-loading whale-gun ever manufactured. It bears a close resemblance to the ordinary breech-loading rifle. The gun has a rebounding lock, the length of barrel is 3 feet; calibre 1 5-16 in., and weight 105 lbs. At a distance of 30 or 40 yards it will project a harpoon or bomb lance with great accuracy and force.

There is a rose craze in New York, and the mania has gone so far that it is stated that millionaires are investing in their culture, as there is large profit in it at present prices. There are four millionaires in Madison, New Jersey, one in the Summit, and two in Orange who have capital in the business. On Long Island there are vast stretches of greenhouses, and about Boston there is noticeable the same growth in the business.

VICTORIA DISTRICT

Solid for the Opposition!

The Provincial Secretary and His Follower Kicked Out.

The polling in Victoria district resulted in the complete rout of the government candidates. In spite of the most unblushing bribery and corruption by government agents and touters, and the liberal distribution of money on private roads, Messrs. John and McTavish were returned by the electors by decided majorities. The polling was brisk at all the divisions, and a large number of plumpers (15) were cast for Mr. Humphreys; Mr. McIlmoyl got 9; John, 3; and Mr. McTavish none. Following is the result as announced by the returning officer, W. K. Bull, Esq., who is entitled to credit for his impartial conduct throughout:

John (Opposition)	113
McTavish (Opposition)	110
Humphreys (government)	100
McIlmoyl (government)	66

Messrs. John, McTavish, Humphreys and McIlmoyl made brief addresses. Mr. Humphreys said his political career was ended, and that, like Cincinnatus, he would return to his plough.

NANAIMO.—The Nanaimo river bridge is in a dangerous state.... The hospital has a balance of $2308 assets over liabilities.... Three firemen of the steamship Canopus were charged with disobeying the lawful commands of the officers of the steamship. They were sentenced to 14 days' imprisonment and pay $5.66 each costs. Two days subsequently Capt. Joy of the Canopus asked the men to return to their duty, but they point blank refused to go on board. Capt. Joy then laid a second information, charging the three men with continued wilful disobedience, and the hearing was postponed.

REFRESHING SHOWER.—After a long spell of dry weather a change took place on Sunday night and the welcome rain came down with but little intermission till near daylight. The soil was penetrated to the depth of about two inches. As the shower was pretty general throughout the province, an immense amount of good will be done to growing crops both cereal and green.

THE Canadian government has granted $10,000 in aid of the London fishery exhibition.

Municipal Police Court.

(Before Hon. A. F. Pemberton.)

MONDAY, July 24.

ASSAULT CASE.

George Baker was charged with assaulting C. F. Beavan on the afternoon of the 22nd instant in Gosnell's yard on Douglas street.

The accused pleaded guilty to the charge, but said he had been provoked by the abusive language used by defendant on the previous evening on Government street at the time Mr. DeCosmos was speaking and the police interfered. In Gosnell's yard he asked him to take the language back, but he refused, when he slapped defendant with the palm of his hand; but as he picked up rocks he afterwards knocked him down.

Mr. C. F. Beavan denied that he had used any abusive language on the evening in question. He went to take Mr. DeCosmos away. He was four hours in Dr. Jackson's surgery and had five leeches applied before swelling could be reduced.

His honor said such offences would occur at such times, but it was necessary to punish them. He would therefore inflict a fine of $10 with $5 costs, the amount of Dr. Jackson's bill.

The amount was immediately paid.

UNLAWFULLY CUTTING AND WOUNDING.

Chas. McMichael was charged on the night of the 22nd inst. with unlawfully cutting Thos. Johnson on Government street.

The case was remanded.

LARCENY.

Lawrence Mooney was charged with takink $3 from the till of the California saloon on Johnson street, and James Kelly with aiding and abetting in the same offence.

Both cases were remanded till to-day.

The Wimbledon Shooting Match.

LONDON, July 8.—The Canadian Rifle Team has left Wormwood Scrubs, and will encamp at Wimbledon. In spite of the unfavorable weather the officers have every reason to be satisfied with the practice of the team. Shooting commences on Monday. Col. and Mrs. Gzowski are present in camp.

LONDON, July 10.—The weather at the opening of the Wimbledon meeting was very unfavorable for shooting, the wind being gusty and showers falling at intervals during the day. The Alexandra contest, which was the first on the programme, was not concluded when "Cease firing" was sounded. The Canadians shot well, especially Sergeant Wilson, of the 23d Battalion; Staff-Sergeant Walker, of the Queen's Own Rifles; and Corporal Mitchell, of the 10th Royal Grenadiers. The Duke of Cambridge will inspect the team on Thursday week, when Col. Gzowski will hold a garden party. The barometer is rising, and more favourable weather is anticipated to-morrow.

AN UMBRELLA SAIL.—An independent elector this morning came across the harbor in his boat, and thinking it might rain brought his umbrella with him, but finding it only a blow hoisted his umbrella all the same and was safely wafted into port without pulling an oar.

THE schooner Black Diamond has been supplied with a new tubular boiler by Messrs. Shaw & Kuna for the purpose of steaming dogfish and extracting the oil from them on board.

THE CITY.

A GREAT DAY FOR THE ELECTORS.

TWO OPPOSITIONISTS, ONE GOVERNMENT AND ONE INDEPENDENT ELECTED.

A Gain of Two Seats for the Opposition.

The poll opened at 8 o'clock a. m. and a steady stream of voters at once poured in. By 10:30 o'clock 250 ballots had been given out, which number by 12 o'clock had increased to 350. For some time during the forenoon four votes per minute were polled. Later, a little over two per minute were put in, which again increased between 12 and 1 o'clock to 3 a minute. At 1:30 550 votes had been polled—about half of all that were available in the city. The Opposition organization worked efficiently and well, while the government committee left no stone unturned to get every available elector to the polls. Invalids just from beds of sickness and who had not been out of their rooms for several months were lifted into cabs and lifted out again by government candidates and defeated Ottawa aspirants and actually carried to the poll clerk's table. On no former election day was there so much interest manifested or so much excitement. Early in the day Mr. J. S. Drummond was persuaded to abandon the hopeless contest and Mr. J. W. Williams was picked up and put into the vacant place on the government ticket, notwithstanding that gentleman's utter repudiation by the organ yesterday morning.

By 3 o'clock 650 votes had been received, and at 4 when the poll closed a total of 771 ballots were issued. The crowd kept steadily increasing after 4 o'clock, and great anxiety was manifested as the counting progressed. It soon became evident that Beaven and Davie were elected and that the three doubtfuls were among Messrs. Drake, Duck, and A. Wilson. Counting was somewhat delayed by the returning officer, Mr. Edwin Leigh, being unfortunately taken ill and having to be conveyed home. It was soon resumed, however, and at 8 o'clock the official result was given by Mr. Edman as follows:

The names of candidates in italics are elected.

BEAVEN (Government.)	459
DAVIE (Opposition)	399
DUCK (Independent)	368
DRAKE (Opposition)	361
A. Wilson (Government)	321
W. Wilson (Opposition)	281
Trimble (Opposition)	280
Williams (Government)	237
Drummond (Government)	105

Just before the declaration was made the monotony that had prevailed during the afternoon was broken into by a skirmish opposite Steele's saloon. Both contestants were promptly taken in charge of by the police and locked up in goal.

As soon as the result was read out, loud cries were heard for Beaven and when that gentleman mounted the chair he was greeted with much cheering. He was thankful to his supporters for again placing him at the head of the poll. Thanks were also due his committee, who had worked so hard in his behalf. He was sorry that the ticket had been split.

Mr. Davie was then loudly called for and on appearing was enthusiastically cheered. After the applause had subsided he remarked that a fair selection of representatives had been made. He was glad that all the clap trap that had been uttered about lawyers was not supported by the electors. He would assure them that every pledge which he and Mr. Drake had given on any subject would be redeemed.

(Enthusiastic applause.)

Mr. Duck was the next successful candidate called for, who said that he also would carry out his pledges. He came out as an independent candidate and he would remain one. Any good government, no matter who composed it: would have his support. (Cheers.)

Mr. Drake said he was last, but not least. (Great cheering.) He was sorry the Opposition ticket had been split as he would have been glad to have seen every man on that ticket elected. (Immense applause.) Any government that would carry out measures for the good of the province should have his hearty support. (Great cheering.)

Mr. A. Wilson did not consider he was defeated. He was sorry that the limbs of the law were elected. They had but one idea. [A voice—Tin.] (Uproarious laughter.)

Mr. Wm. Wilson, unlike the former candidate, did consider himself defeated. (Much laughter.) The choice of the electors was a fair one, but it might have been improved, as he himself was a candidate. (Great laughter.) But perhaps it was the kindest thing they could have done, so far as he was concerned, to allow him to attend to his own business. (Great applause.)

Mr. Drummond made one of his characteristic speeches, which elicited much merriment.

As the other defeated candidates were not present the large crowd soon dispersed.

Marine.

Mail steamship G. W. Elder, Capt. Heyward, arrived off the harbor at 6 o'clock yesterday morning from San Francisco. She met with strong head winds and heavy northwest seas for fifty hours, and afterwards stiff head winds but smoother seas and heavy weather to the cape. Neither the Idaho nor the Canopus were sighted. The Elder went into Esquimalt at 11:30, the wind being too strong to enter the harbor till evening. She brings 246 tons freight to this city.

Steamship Hylton Castle passed up yesterday morning, with pilot Morrison in charge, for Departure Bay. She left San Francisco on Wednesday last.

Steamship Sardonyx is advertised to leave this evening for San Francisco direct with freight, passengers, mails and express.

FROM YALE.—R. P. Rithet arrived yesterday at 2 p.m. from up-river. A number of passengers came down. There is no visible diminution in the salmon catch yet, and the put up is only limited by the force at work at each cannery establishment.

CANADIAN TARIFF.—Copies of the Canadian Tariff, with all the recent changes at *The Colonist* stationery store. Price 20 cents. *

An Extraordinary Demonstration.

For what were the torches trimmed and lighted last night, a band employed to toot, and a few score of sore-footed boys and sad-faced men deluded into trotting to the residences of the premier and Mr. Duck? Was it to celebrate an Opposition victory? The Opposition have gained two seats in the city, two in the district, two in Nanaimo, defeated a minister, and have held their own everywhere, and a band turns out and serenades the losing party! Were they gladdest that the provincial secretary had been beaten, or that the six seats had been snatched from the government grasp? The closing tune of the band sounded more like a dead march than a triumphal one.

PERSONAL.—Among the arrivals by the mail boat yesterday we notice the names of Bishop Brondel and six Sisters of Charity, Mrs. E. C. Neufelder, Mr. A. McLean, Mr. D. Manson and Mr. A. Mayer. Bishop Brondel is lately from Rome, where he went on church business, and returns in excellent health. Mr. McLean returns from Europe, and Mr. David Manson from New Zealand and on his way to Canada and Europe.

ACCIDENTAL DROWING.—A telegram was received in town yesterday from Nanaimo stating that Mr. John Hamilton of that city had been accidentally drowned in the harbor. Mr. Hamilton was an old and well-known resident. No particulars of the sad event have yet come to hand.

RESIGNATION.—We are sorry to hear that Mr. Thomas Westgarth has tendered his resignation as inspector of boilers in this province, that it has been accepted, and that Mr. W. will leave on the steamer for England.

The Suez canal is one of the most valuable pieces of property in the world. The net profits last year were over $5,000,000. This was an increase of 28 per cent. over the profits of the previous year. Each ship that passes through the canal pays a little over 20 cents a ton.

A school in the north of England once made the following announcement: "Larnin' taught here three pence per week—and them as larns manners two pence more." Samuel Morley, M. P., speaking at the Stockwell Orphanage the other day, related this anecdote, and added that he sincerely wished a score of members of the House of Commons could be sent to that school.

An English peer has been fined $200 for not paying his taxes. At Great Packington, in Warwickshire, Lord Aylesford, the peer in question, used a carriage without having paid the duty; he was summoned before the local supervisor of excise; he was not represented there, however, the charge was proved, and a fine of £20 was imposed upon him. Again he was summoned for keeping a male servant without a license, and again he was fined £20.

Charity at the Salon.—Vicomte de R., in passing before Mlle. B., who is collecting for the Artists' Orphan Asylum, is met with the cry: "Monsieur, do not forget the little orphans." The vicomte gives a twenty-franc piece, saying: "For your beautiful eyes, mademoiselle." Mlle. B. takes the money; then, with a most ingenuous air, she says: "Thank you for the eyes, monsieur; now—don't forget the little orphans." And the vicomte gives another louis.—*French Paper.*

A breach of promise case was tried in London the other day which had its origin in the facilities which suburban garden walls afford to persons disposed to lovemaking in the springtime. So long as the defendant remained within the influence of the garden wall the course of the plaintiff's true love ran with fatal smoothness, but once removed from that hallowed neighborhood his heart grew cold, and his prediction once made upon a New Year's card, that "golden sunshine will be yours at last," seemed like a hollow mockery. An English jury, however, determined to make the prophecy a true one, and gave the girl a verdict for $5,000.

In pulling down an architect's house in the Rue Vielle du Temple, Paris, some workmen have discovered, hidden in an old wall, a copper vessel said to contain forty kilogrammes of gold coins in the reigns of Jean le Bon and Charles V. Supposing the quantity of gold to be really as large as represented it would be worth as metal alone over £5,000.

It is stated that General Ignatieff's dismissal took place under the following circumstances: The General went to Peterhoff and had an interview with the Czar. After some time the Count requested His Majesty to affix his signature to several documents which he brought with him, and with reference to one of them he remarked that he need not trouble himself to read it. This threw His Majesty into a violent passion, during which it is reported he used the most severe terms. General Ignatieff was ordered to resign immediately and quit the room without delay.

A curious chapter might be written on what suggested celebrated books, and an item in it should be, "What led to Moore's Irish Melodies coming into being?" The well-to-do parents of James Power, of the ancient borough of Galway, apprenticed the boy to a pewterer there. The bugler of a regiment needed repairs to his bugle. Power cleverly made them. This gained him a garrison reputation, which ultimately led to his starting as a musical instrument maker in Dublin, where he became acquainted with Moore, and after publishing a few songs for him, contracted for a set of twelve, adapted to Irish melodies by sir John Stevenson.

A commencement has been made with the new dock works at Boston, England, the day being observed as a general holiday in the borough. The dock will comprise a water area of seven acres, and is estimated to cost $600,000.

A touching story of a dog's affection is related by the Paris *Figaro*. The young equestrienne, Mlle. Loisset, whose early death, owing to a fall from her horse, lately excited so much sympathy, had a favorite dog, a huge creature called Turk, which was her inseparable companion, escorting her to and from the cirque, and guarding her dressing-room while she was engaged in the performance. The day after her death Turk arrived at the cirque at the usual hour, waited till the representation was over and then went away with his tail between his legs. For several days he came back at the same time, refusing to eat or drink, or to go home with any of his former friends, and occasionally uttering a plaintive howl. At last the dog disappeared, and from all appearances has crept away into some corner to die.

WINNIPEG, July 6.—Ross (L) is elected for Lisgar, by over fifty majority: Watson (L) is elected for Marquette, by about two hundred majority; and Sutherland (R.) is two hundred ahead in Selkirk, with other polls to hear from, that will doubtless increase his majority.

Hon. James Colledge Pope has resigned his position as Minister of Marine and Fisheries, and has been succeeded by Hon. A. W. McLelan. Mr. Pope's physical health is as good as ever, but it is feared that his intellect is permanently enfeebled. The Hon. Frank Smith will probably succeed Mr. McLelan as President of the Council. There will probably be some changes in the *personnel* of the Cabinet when the Ministers reassemble.

BARRIE, July 10.—The adjourned examination of the Collingwood students arrested for complicity in the theft of examination papers was concluded before the magistrates here to-day. Seven of them—J. A. Currie, D. Allan, C. Kerreocher, R. C. Cheswright, W. Cross, J. C. Heintroon, and J. Leader, were committed for trial, and admitted to bail. It is very unlikely that they will be convicted. The three ringleaders, the McKee boys and Nesbitt, who turned Queen's evidence, will not be prosecuted. The other two, Corbett and Mainprise, are in Dakota, safe from harm.

NEW YORK, July 9.—Henry Ward Beecher in his sermon to day defined his ideas of heaven and hell. He did not believe that they were localities, did not believe in any place of endless torment, though there must be some degree of punishment extending for a limited time into eternity, that punishment will be remorse for sin committed, but ultimately peace and happiness will come to the souls of all.

A GAME ENGLISHMAN.

TUG WILSON TAKES TWENTY-SEVEN KNOCK-DOWNS.

A Terrible Glove-fight Between Sullivan and the English Champion.

NEW YORK, June 17.—Before 7 o'clock this evening the vicinity of Madison Square Garden was a perfect ocean of humanity, attracted by the announcement that within the confines of the garden Sullivan, the champion of America, and "Tug" Wilson, the champion of England, would have a glove fight. In the centre of the building was a 44-foot ring, five feet above the floor. At 7:30 12,000 people were in the garden, and a half hour later the number had grown to 15,000 or 16,000.

At about 8:15 Harry Hill appeared in the ring, accompanied by Harry Evans and Tommy Cook, two English boxers, who gave a rattling set-to of three rounds. Two local boxers then engaged the attention of the crowd for a few minutes. At 9:38 Wilson and Sullivan, the first accompanied by Arthur Chambers and George Holden, and the latter by Billy Madden and Joe Goss, appeared in the ring. The vast mass of people rose and cheered and seemed wild with delight. Betting at this time stood 15 to 75 in favor of the American. Both men stripped to the waist. Harry Hill was chosen referee, and the conditions of the fight announced. They were that four rounds were to be fought under the Marquis of Queensbury rules; three minutes to each, one minute rest, and ten seconds in case of a knock-down for the fallen man to get up; if Wilson should fight four rounds Sullivan engaged to pay him $1,000 and half the gate money. Wilson, holding $1,000 in his gloved hand, stepped to where Sullivan sat and offered to bet that amount that he could not be knocked out of time. Sullivan declined the offer, saying there was already enough money on the match.

APPEARANCE OF THE MEN.

At 9:40 Harry Hill called time. When both men came into full view Sullivan seemed to tower above his adversary. Wilson has the frame of a perfect fighter. His body is stout, his legs short, and arms powerful, although he is not high as compared to Sullivan's magnificent physique. Sullivan's weight was 190 pounds; Wilson's 140.

The Englishman, although manifestly no match for his powerful opponent, showed himself full of pluck and made a game fight. He stood the punishment inflicted by Sullivan, and, although knocked down twenty-seven times, fought against hope, and, although pummelled and hammered in every conceivable manner, managed to stand out for four rounds and won the $1,000 and his share of the gate money. He showed great cunning in each round. He would endeavor to catch round the neck and hold by his arms in a lock grip, the object being to prevent punishment during the continuance of the round and hold his antagonist until the time was up. When he found himself unable to do this he would slip down and then slowly rising warily watch Sullivan, who was on the alert to catch him. He was very quick to dodge, and thus avoided several terrific blows such as would have knocked a horse over.

THE ROUNDS IN DETAIL.

Round 1—Wilson, leading, planted a light blow on Sullivan's face. The latter then hit the Englishman viciously, and nine times in succession knocked him down. He fought him all over the ring and on the ropes, planting stinging blows on his face and neck.

Round 2—This round was repetition of the first, only that Wilson, instead of leading, was on the defensive. Sullivan punched and hammered and landed Wilson out eight times. Wilson always managed to gain his feet before the expiration of the ten seconds, and he succeeded in getting in one or two blows on Sullivan. When knocked down once or twice he drew Sullivan on top of him.

Round 3—This was a desperate one. Sullivan, with his teeth clenched, rushed at Wilson and knocked him against the ropes and all over the ring, the little Englishman standing up gamely and receiving the terrible slugging punishment. Once in a while he gained a few seconds by clinching and holding Sullivan's arms, but it was for a few seconds only. In this round he was knocked down five times.

Round 4—This round being the final one and the settler of the contest, the people became greatly excited, left their seats and massed themselves about the ring. Sullivan was angry, for the battle thus far, so far as the stakes were concerned, was in favor of Wilson. Time being called, Sullivan fairly leaped at Wilson. He pounded and hammered the Englishman and knocked him clean off his feet five times more, but the little fellow pluckily stuck to his job, receiving all the punishment Sullivan could administer until the four minutes had expired and the fight was declared at an end.

The time of the battle was 25 minutes, including three minutes for rest between the rounds. Sullivan and Wilson afterward met at Harry Hill's, when Sullivan paid over $1,000 to Wilson. Fully 15,000 people outside of the building kept a large police force busy. Many minor mills took place in Madison Square.

THE GREAT NATURAL DEMAND.

In order to supply the great natural demand for a remedy of real merit, one capable of cleansing the system, purifying the blood, regulating the liver, and acting on the bowels, the California Fig Syrup Company has commenced the manufacture on a laage scale of a concentrated Syrup of Figs, and is sending out trial bottles to be given away, so that it costs nothing to try it and convince yourself of its efficacy. And as every family needs a bottle it is also for sale in 75 cent and $1.25 bottles at Langley & Co.'s Drug Store, Agents for B.C. 3

A Wise Precaution.

During the Summer and Fall people are liable to sudden attacks of bowel complaint, and with no prompt remedy or medical aid at hand, life may be in danger. Those whose experience has given them wisdom, always keep Dr. Fowler's Extract of Wild Strawberry at hand for prompt relief, and a Physician is seldom required. (3)

GILBERT LAIRD, St. Margaret's, Hope, Orkney, Scotland, writes:—I am requested by several friends to order another parcel of Dr. Thomas' Eclectric Oil. The last lot I got from you having been tested in several cases of Rheumatism, has given relief, when the doctors' medicines have failed to have any effect. The excellent qualities of this medicine should be made known, that the millions of s fferers throughout the world may benefituby its provident discovery. *

All sensible people, suffering with rheumatism, use Pfunder's Oregon Blood Purifier. *

Never Be Without It.

Tourists and all who are subjected to a change of climate, water, diet &c., should never be without Dr. Fowler's Extract of Wild Strawberry, the infallible remedy for all Summer complaints. (5)

Mr. R. W. Carmichael, Chemist and Druggist of Belleville, under date of May, 31st 1882, Writes as follows:—"Your Burdock Blood Bitters have o steady sale, are patronized by the best families here and surrounding country, and all attest to its virtues with unqualified satisfaction. (4)

THE GENERAL DIRECTORY.—Canvassing work on the new Provincial Directory is nearly completed, and after Mr. Wm. Wolz, the general agent, returns from the East Coast compiling will commence; shortly after that the new work will make its appearance. *

To the Electors of Vancouver District.

Mr. D. W. Gordon will be a candidate to represent Vancouver District in the House of Commons. *

AYER'S Ague Cure should be in every household in regions where Fever and Ague prevail. It should be taken as a preventive by every resident and traveller in malarial districts. *

There is no more wholesome or delicious fruit on earth than the Wild Strawberry, and there is no more effectual remedy for Cholera, Dysentery, Cramps and other summer complaints of infants or adults, than Dr. Fowler's Extract of Wild Strawberry. (2)
